

## CJHA Honour Roll Colt Mastine

**Colt Mastine, son of Paul and Jennifer Mastine, and twin to brother Dylan, is from Melbourne, Quebec.**

Colt attends the Lennoxville Vocational Center where he intends to graduate from the welding program in 2015. Born and raised on the family farm, Colt has always had an interest in the cattle industry and particularly the Hereford breed through his experience with his grandparents' purebred operation - Joycliff Farm.

Colt has been actively involved with Herefords from the age of four, attending his first Bonanza at the age of four, along with his twin brother. Colt has been a Canadian Junior Hereford Association (CJHA) member for 14 years and has attended 10 Bonanzas, taking part in many different events. He has been a National Delegate on the CJHA National Council for four years, representing Quebec and has been on the Board of Directors for the Quebec Junior Beef Show for four

years. His 2010 Bonanza entry, Triara Wideload, has gained a lot of fame over the years. Wideload semen has sold internationally to Russia, Argentina, Brazil and throughout North America. Colt enjoys playing sports and has been involved in curling, basketball, soccer and rugby teams. He is also active within his community, 4-H Beef and Poultry Clubs and other junior breed associations. Colt's dedication and involvement within the Hereford breed, with fellow cattleman, and with the CJHA, is very much appreciated. Congratulations Colt!

*Hereford*
