

CJHA Honour Roll Cassandra Gorrill

Cassandra Gorrill, daughter of Dr. Lois Batty and Thomas Gorrill, is from Lindsay, Ontario and is the younger sister to three brothers. Cassandra is enrolled in the Animal Science Program at the University of Guelph and has plans to apply to the College of Veterinary Medicine. She grew up on the family farm, Cedarwood Polled Herefords and has been showing Herefords since the age of five. She attended her first Bonanza in 2008 and hasn't missed one since. Cassandra is an active member of the provincial and national Junior Hereford Boards and has acted as Ambassador for the East Central Ontario Hereford Zone and the Ontario Hereford Association. In 2014, she was one of the three co-chairs who organized Bonanza in her hometown of Lindsay.

Never one to pass up an opportunity, Cassandra has been a member of many sports clubs and organizations. She is still actively involved in figure skating at the

University of Guelph, while also being involved in the Ontario Agricultural College (OAC/University of Guelph) Judging Club, the Beef Science Club and the Dairy Science Club. She participates in numerous 4-H clubs and spends her summers working at her mother's practice - Cambray Veterinary Services. Yet Cassandra always makes time to travel to Bonanza and show her Herefords at other fairs. The Hereford breed has always been close to her heart and will remain so as she continues to grow her own herd.

Cassandra has been the recipient of numerous leadership awards and scholarships, including both the Keith Gilmore Scholarship and the "Future of the Breed" scholarship at Bonanza in 2014.

Congratulations Cassandra!

 Hereford
